ClearZal® Nail & Foot Kit w/Nail Sol 1oz and Foot San 4oz

Item Code: DDD 222 COMP

Complete Antimicrobial Treatment for Healthy Nails and Feet
Includes:

- ClearZal® BAC Antimicrobial Nail Solution 1oz
- ClearZal® Antimicrobial Foot Sanitiser 4oz
- Premium Glass Nail File

The ClearZal® Nail & Foot Kit is a clinically supported, full-spectrum antimicrobial care system designed to treat, prevent, and protect against nail and foot infections caused by fungus, bacteria, and viruses.

Unlike traditional antifungal products that only address one cause, this dual-action kit combines:

- ClearZal® BAC Nail Solution to kill 99.9% of microbes under and around the nail
- ClearZal® Foot Sanitiser Spray to sanitize feet, socks, and shoes—breaking the cycle of reinfection
- Premium Glass Nail File to gently prepare the nail surface for maximum treatment penetration

This powerful combination treats the source of infection while sanitizing the environment, helping to restore and maintain long-term nail and foot health.

Key Features & Benefits

1. Broad-Spectrum Antimicrobial Action

- Kills 99.9% of fungi, bacteria, and viruses—more effective than antifungal-only solutions.
- Reduces cross-contamination between nails, skin, and footwear.

2. Complete System for Nail & Foot Health

- Treats existing nail infections, and eliminates germs from feet, socks, and shoes.
- Helps prevent the development and spread of Athlete's Foot and foot odor.

3. Faster, More Visible Results

- Using both products daily improves outcomes by targeting both internal (nail) and external (environmental) sources.

- Filing the nail helps ingredients penetrate deep for better effectiveness.

4. Gentle, Non-Damaging Formulas

- Free from alcohol, lacquers, oils, harsh acids, parabens, and fragrances.
- Safe to use with nail polish, acrylics, and extensions.

5. Easy to Use & Integrates into Daily Routine

- Two-step regimen fits seamlessly into morning and evening hygiene.
- 360° spray bottle allows convenient foot sanitization—even upside down.

6. Clinically Validated

- Efficacy published in the Journal of the American Podiatric Medical Association.
- Recommended by healthcare professionals for comprehensive foot and nail care.

Key Ingredients

ClearZal® BAC Antimicrobial Nail Solution

- Benzalkonium Chloride (0.1%) – Broad-spectrum antimicrobial that kills bacteria, fungi, and viruses.
- Aloe Vera – Softens and conditions thick, dry, or damaged nails and surrounding skin.
- Surfactant Complex – Enhances ingredient penetration under the nail surface.

ClearZal® Antimicrobial Foot Sanitiser

- Benzalkonium Chloride – Kills 99.9% of foot-related pathogens.
- Tea Tree Oil – Natural antiseptic with antifungal and deodorizing properties.

Directions for Use

Step 1 – Nail Treatment (ClearZal® BAC)

1. Gently file the affected nail's top and free edge with the included glass nail file.
2. Clean and dry the nail and surrounding skin thoroughly.
3. Apply a drop of ClearZal® BAC under the free edge and around the nail.
4. Let dry or massage into the nail/skin.
5. Use twice daily—morning and night.

Step 2 – Foot & Shoe Sanitization (ClearZal® Foot Sanitiser)

1. Spray once daily on clean, dry feet—top, bottom, and between toes.
2. Spray inside shoes and socks before wearing and after removal.
3. Use the 360° sprayer to reach all areas, even upside down.

Ideal For

- Individuals with fungal, bacterial, or viral nail infections
- Those prone to Athlete's Foot, foot odor, or skin irritation
- People who wear tight, enclosed footwear for long periods
- Athletes, gym-goers, swimmers, and users of communal showers
- Anyone who wants to treat infections and prevent recurrence
- Users of nail polish, gel, or artificial nails who want treatment without removal

Safety Information

- For external use only.
- Do not apply to broken or open skin.
- Store in a cool, dry place, away from direct sunlight.

Why Use Both Products Together?

Using ClearZal® BAC Nail Solution and ClearZal® Foot Sanitiser together delivers comprehensive protection by treating both the nail infection itself and the environment that can cause reinfection:

- Treats & prevents nail infections by killing microbes at the source (nail) and on external surfaces (feet, shoes, socks).
- Prevents reinfection—footwear and socks often harbor fungi and bacteria, making single-product treatments less effective.
- Improves treatment outcomes and reduces the risk of spreading infection to other nails or people.
- Supports long-term foot hygiene and helps prevent Athlete's Foot, skin irritation, and persistent foot odor.

By addressing both the cause and the conditions that promote infection, the ClearZal® Nail & Foot Kit creates a strong hygiene barrier that promotes faster healing, cleaner feet, and truly healthy nails.

Ingredients

Nail Solution - Distilled Water (Aqua), Cocamidopropyl Betaine, Cocamidopropylamine Oxide, Hydroxypropyl Methylcellulose, Cetrimonium Chloride, Organic Aloe Vera, Didecyldimonium Chloride, Aluminum Chloride Hexahydrate, Disodium Laureth Sulfosuccinate, Benzalkonium Chloride, Triethanolamine, Phenoxyethanol, Citric Acid
